

**Chapter 10: RULES FOR DISPOSITION OF LOCAL GOVERNMENT RECORDS**

---

**SUMMARY:** This chapter governs the disposition of local government records.

---

**1. DEFINITIONS**

- A. "Appraisal"** means the archival process of determining the value and thus the disposition of records based on a study of their use, their subject content, their arrangement, their relationship to function and organization, and their relationship to other records.
- B. "Current Records"** means records needed and used in the day-to-day conduct of the current business of a local government office or official, and which therefore must be kept in office space and equipment for that purpose.
- C. "Disposition"** includes all actions taken with regard to semi-current and non-current records following their appraisal. These actions include (1) transfer of semi-current records to a temporary storage area or to a records center; (2) transfer of non-current records having archival value to a designated archival depository; (3) reproduction on microfilm or optical disk with or without destruction of the originals; and (4) destruction.
- D. "Non-Current Records"** means records which no longer have value-- administrative, legal or fiscal--for the current business of the originating office or official, and which should be disposed of in accordance with law or rule.
- E. "Record"** means all documentary material, regardless of media or characteristics, made or received and maintained by a local government agency in accordance with law or rule or in the transaction of its official business.
- F. "Records Disposition Schedule"** means a listing of record series with retention periods as appropriate for their current and semi-current phases, and an indication of their ultimate disposition.
- G. "Record Series"** means file units (folders or volumes) or documents arranged in accordance with a filing system, or maintained as a unit because they relate to a particular function, result from the same activity, have a particular physical form, or because of some other relationship arising out of their creation, receipt, or use.

- H. "Retention Period"** means the period of time for which record series should be kept in offices and in records storage areas before their ultimate disposition. The time period is usually given in months or years, but is sometimes expressed as contingent upon the occurrence of a particular event, such as audit or death of claimant.
- I. "Semi-Current Records"** means records no longer needed frequently in the conduct of current business, but which, for administrative, fiscal, or legal purposes, must still be retained. The general rule is that any record series not consulted more than once per month per file drawer (or other file unit--such as a volume or case file) is semi-current, and should be transferred, if quantity warrants, to storage areas utilizing lower-cost space and equipment until eligible for final disposition.
- J. "Record Copy"** means a single copy of any document received or created by a local government agency during the transaction of official business, which shall be retained for the term set by the Disposition Schedules for Local Government Records. All other copies of the same document in the agency's possession are duplicate copies, held for convenience only, and may be destroyed when no longer of use.
- K. "Local Government Agency"** means a municipality, a quasi-municipal organization (such as a school administrative district, water or sewer district, etc.), an office of county government (such Register of Deeds, County Sheriff, etc.), and offices of District Attorney.

## **2. DISPOSITION OF LOCAL GOVERNMENT RECORDS**

No record shall be destroyed or otherwise disposed of by any official, except as provided by these rules. All disposition of records not listed in the Disposition Schedules A through P must be approved as specified in Section 5 by these Rules in advance, and in writing, by the Archives Advisory Board.

## **3. RECORDS RETAINED**

Records which are to be retained shall be preserved by the creating agency, deposited with an approved alternative institution as specified in Section 10, or deposited with the Maine State Archives. The State Archivist shall determine whether or not to accept transfers of local government records, based on space available at the Maine State Archives, condition of the records, and available alternatives to transfer. The State Archivist shall accept all permanent records of any deorganized Maine municipality.

#### 4. RECORDS AUTHORIZED FOR DESTRUCTION

- A. Destruction of Records.** Unless otherwise specified by statute or rule, records may be destroyed by shredding, pulping, burning, burial, or other effective means. The removal and destruction process shall be supervised by the official in whose custody the records are held in order to prevent the inadvertent removal and destruction of records of continuing value.
- B. Confidential Records.** When destruction has been authorized, confidential records shall be destroyed under the authorized supervision required by Section 4A.
- C. Nonconfidential Records.** When destruction has been authorized, nonconfidential records may be, at the discretion of the creating agency, 1) retained, 2) transferred to an approved alternative institution as specified in Section 10, or 3) destroyed under the supervision required by Section 4A. Nonconfidential records may be sold for waste provided there is reasonable assurance that they will be handled and processed carefully to destroy their identity.
- D. Destruction of Records by Recycling.** **Nonconfidential records** may be destroyed by recycling if the system employed for collecting them ensures that: 1) only records actually due for destruction are collected; 2) records intended for recycling are not at risk of removal by unauthorized persons, both while on site at the local government agency's offices and after removal to the recycling facility; 3) there is reasonable assurance that the recycling process will completely obliterate all information from the records. **Confidential records** may be recycled only if they are shredded before their removal from the local government agency's offices, or if destruction takes place under the direct observation of the official in whose custody the records were held (or under the direct observation of that official's designee).

#### 5. DISPOSITION SCHEDULES

Disposition schedules included in these Rules shall be used primarily to identify those local government records that should be retained permanently by the local government agency, deposited with the Maine State Archives, or deposited with an approved alternative institution as described in Section 10. These disposition schedules also provide retention periods for records that do not have permanent value. Each quasimunicipal organization shall either retain its nonpermanent records for at least the recommended retention periods, or shall adopt and follow its own retention/disposition schedule for its nonpermanent records. All municipal and county government offices shall follow the records retention requirements provided in these Rules.

## **6. RECORDS CREATED PRIOR TO JANUARY 1, 1900**

All records created prior to January 1, 1900 must be retained permanently, regardless of provisions in these rules, unless specifically authorized for destruction by the Archives Advisory Board.

## **7. RECORDS SUBJECT TO AUDIT OR LITIGATION**

Under no circumstances shall these rules constitute authorization for a local government agency to destroy records when it is known that such records are still eligible for State or Federal audit, or other Federal requirements. These rules shall not provide authorization to destroy records which are known to be the subject of, or material to, potential or ongoing litigation.

## **8. APPROVED MEDIA FOR RECORDS STORAGE**

Local government records which have been identified as having archival (permanent) value must be maintained on one or more of the following media: paper; microfilm produced according to archival standards, as established by the American National Standards Institute; microfiche produced according to archival standards, per ANSI. Permanently valuable records may be maintained for convenience on nonarchival media (such as magnetic tape, diskette, hard disk, or optical disk), but the same records must in every case be maintained on an archival medium or must be maintained on a system that meets the following requirements:

### **A. Imaging Systems:**

- 1) The system must be able to produce output to a nonrewritable medium such as Write Once Read Many (WORM), Computer Output to Laser Disk (COLD), or Compact Disk - Read Only Memory (CD-ROM).
- 2) The system must use a non-proprietary digital image file format (preferably the most generic version of TIFF - Tagged Image File Format - available).
- 3) The system must use International Telecommunications Union (ITU) Group 3 and Group 4 compression techniques.
- 4) The system must use a standard Error Detection and Correction (EDAC) system; for example, the Small Computer System Interface (SCSI) command "Write and Verify" must be used when writing data to digital optical disks.

- 5) The indexing database must provide for efficient retrieval, ease of use, and up-to-date information about the digital images stored on the system. The software employed must be capable of producing ASCII output.
- 6) The local government agency must have a specific plan for an ongoing process of migrating long-term and permanent records stored on the system from older to newer hardware and software.

**B. Electronic Information Systems:**

- 1) The software and hardware used must be capable of copying data to one or more standard offline storage devices, such as standard-sized floppy disks, magnetic tapes, etc.
- 2) The system must be capable of exporting data in ASCII code or other standard file types, that can be imported by other commonly used software packages. The data must not be modified or truncated, except to conform with statutory confidentiality requirements. The physical and logical formats shall be described in a manner to permit human interpretation of the files.
- 3) The local government agency must have a specific plan for an ongoing process of migrating long-term and permanent records stored on the system from older to newer hardware and software.

Whether or not the system is used to maintain permanent records, the public's right to request and receive usable electronic copies of public records must be protected through compliance with A2, A3, and A5 above for imaging systems; and by compliance with B1 and B2 above for electronic information systems.

**C. Effective Dates**

This section is effective for all new systems installed after January 1, 2002 and for all systems in operation on January 1, 2006. The Board shall review the status of concerns about privacy issues raised by the provisions of this section before March 1, 2001.

**9. REQUESTS FOR DISPOSITION**

Requests for disposition of records not specified in the disposition schedules may be made in writing to the Archives Advisory Board, accompanied by sample copies of the records involved. Communications to the Archives Advisory Board should be addressed to: Local Government Records, Maine State Archives, 84 State House Station, Augusta, Maine 04333.

## 10. ALTERNATIVE INSTITUTIONAL PLACEMENT FOR NONCONFIDENTIAL RECORDS

- A. General Guidelines. Nonconfidential** records to be retained according to Section 3 or authorized to be destroyed according to Section 4.C or Section 4.D, may be deposited with an alternative institution as described in Subsection 10.B. The local government agency retains legal custody of these records and shall insure that they are not alienated from the institution except for placement, with approval of the local government agency, in another approved institution or for authorized destruction. The local government agency may regain possession of records deposited in an authorized institution at any time.

Local government agencies shall enter a written agreement with the institution insuring that issues of custody, regaining possession, security, preservation, and access are clarified, and that the institution will provide storage facilities capable of preserving records at least as well as those available to the local government agency. A copy of this agreement shall be sent to the Archives Advisory Board before any records are deposited at the alternative institution.

To become approved, the institution must meet the following criteria:

- 1) Provide security to prevent the loss of records both in storage and in reference areas. This shall at a minimum include locks on all doors and windows, plus an intruder alarm system and a fire alarm system. Minimum security shall also include direct supervision of researchers at all times when records are available for access.
- 2) Provide storage facilities situated in a physically safe location (i.e., not located in a flood plain; not located next to a hazardous chemical storage area; etc.). These facilities should have heating/ventilation/air conditioning capable of maintaining temperatures between 60 and 70 degrees Fahrenheit, and of holding relative humidity to less than 50 percent.
- 3) Provide reasonable access to the records as required by the Public Proceedings statute. "Reasonable" should at a minimum mean that the facility is open to the public, by regularly scheduled hours or by appointment, at least two days each week throughout the year. There shall be no charge for retrieving or viewing the records, and any charge for obtaining copies shall be limited to the organization's actual cost to produce such copies. However, if the organization's staff is requested to research the records for the requestor the organization may charge any fee that it would normally require for research services.
- 4) Show evidence of a capacity to care for the records by providing evidence 1) of a mission statement; and 2) that a person who cares for the records

has had basic archival training, such as a workshop approved by the Maine State Archives, formal education, or related experience.

- 5) Maintain a non-profit corporate status.
- 6) May be inspected by Maine State Archives staff before approval is granted, with reinspection possible at any time after approval.
- 7) Notify the Archives Advisory Board of any changes in its facilities or policies that relate to the standards described in this section.
- 8) Approval may be revoked by the Board at any time, after notice and opportunity to correct, if standards do not continue to be met.

**B. Approved Institutions.** An institution must be approved by the Archives Advisory Board as a depository for local government records before a local government agency may deposit its records with the institution. The Board shall maintain a list of approved institutions at the Maine State Archives.

## 11. USE OF COMMERCIAL RECORDS CENTERS

Local government agencies may use commercial records centers to store their semi-current records. Before any records are transferred, the commercial records center must be approved in writing by the Archives Advisory Board. The following criteria must be met:

- A. Security must be provided to prevent the loss of records, both in storage areas and during transfer;
- B. Fire protection must be provided;
- C. Stored records may be released only to employees of the local government agency (which shall be responsible for making records available to the public);
- D. Only bonded employees of the Records Center may handle boxes or provide reference services;
- E. Routine reference service must be available within one business day;
- F. Emergency reference service must be available within 2 hours or less during normal business hours;
- G. Records must be stored in a physically safe facility (i.e., not located in a flood plain; not located next to a hazardous chemical storage area).

Commercial records centers used by local government agencies shall be subject to periodic inspection by the Maine State Archives, which will notify the Archives Advisory Board of any failure to meet these standards. Local government agencies which use commercial records centers must maintain accurate listings of all records stored.

Commercial records centers used by local government agencies shall be liable for damage, destruction or loss of records, whether in storage at the facility or in transit between the facility and the local government agency's offices.

## 12. VAULT FOR PERMANENT RECORDS

State law requires each local government to have a fireproof safe or vault to protect permanently valuable records. Recent fires in several towns provide a reminder about the perils of not protecting critical records. Here is the text of the law:

5 M.R.S.A. § 95-B. Local government records

The following provisions apply to local government records.

2. Safe or vault for preservation. Each local government shall provide a fireproof safe or vault for the preservation of all records that must be retained permanently but are not required for business purposes. The official having responsibility for those records shall deposit them in the safe or vault where those records must be kept except when required for use.

General Guidelines for Budgeting and Planning Purposes, to Insure Conformity with State Law:

Vault should be either ground-supported (i.e., capable of standing on its own if the building around it collapses) or located within a fire-resistive building (one that will not suffer structural collapse even if its contents is completely consumed). Walls of the building may only be used as walls of the vault if the building is fire-resistive.

The vault should be planned and its construction supervised by a registered engineer or architect. Its walls may only be pierced for necessary services, and should not be open to any type of shaft. Floor and roof may not be pierced. All walls, floor (if vault is structure-supported rather than ground-supported), and door should at a minimum meet 4-hour fire resistance standards per a nationally recognized standards organization. The vault door may not be a standard "fire door" or other design not specifically intended for vault use. The door locking mechanism should provide for escape by a person accidentally locked inside.

No combustible materials may be used in the vault's construction, including in any necessary damp-proofing. A ventilating system that conforms to nationally

recognized standards should be provided, and all services (electrical, heating, etc.) should conform to national and local codes. Open flame heating shall not be used under any circumstances.

The vault should be installed by qualified and experienced personnel, in conformity with its manufacturer's requirements. "Fireproof" cabinets or other portable fire resistant records storage equipment may not be substituted for a properly designed and constructed vault.

Specific Guidelines for Vault Construction:

The National Fire Protection Association's Guideline (NFPA 232, Protection of Records) provides guidance concerning vault construction. This copyrighted publication may be obtained from the NFPA at 800-344-3555 (One Batterymarch Park, P.O. Box 9101, Quincy, MA 02269-9101; [www.nfpa.org](http://www.nfpa.org)).

**13. VIOLATION OF RULES**

Whoever violates any provision of these rules shall be guilty of a Class E crime.

## **DISPOSITION SCHEDULE A:**

### **GENERAL DISPOSITION SCHEDULE FOR LOCAL GOVERNMENT RECORDS**

Records (regardless of media) are scheduled for retention by the office which has legal accountability. Additional copies held only for convenience are not records, and may be destroyed when no longer needed. Drafts and notes may also be destroyed when no longer needed, except when these materials document the development of local government policy and are therefore incorporated into an official file. Drafts and notes incorporated into official files become part of that file, and have the same retention period as the other records contained therein.

Most record series listed on the General Disposition Schedule may be found in any office of local government, although several are unique to municipalities. Attachments B – Q are Disposition Schedules for specific offices/departments of local government.

The "retention" column indicates either 1) a limited period after which the records may be destroyed, or 2) the word "Permanent," indicating the records **may not be destroyed** and must be retained permanently.

**Unless otherwise noted, please refer to the following citations for confidentiality restrictions:**

- (1) **Federal Privacy Act of 1974** (Section 7 of Pub. L. 93-579), 5 U. S. C., §552a;
- (2) **Social Security Act**, 42 U. S. C. §§ 408(a)(8) and 405(c)(2)(C)(viii)(I);
- (3) **Family Educational Rights and Privacy Act**, 20 U. S. C. §1232g;
- (4) **Standards for Privacy of Individually Identifiable Health Information (HIPAA)**, 45 CFR Section 160 through 164.

For citations (1) and (2), the primary records concerns are redaction of social security numbers and proper disposal of nonpermanent records containing them. The presence of a social security number does not, by itself, render an entire document confidential.

## DISPOSITION SCHEDULE L:

### SCHOOL RECORDS

Please see Disposition Schedule A for payrolls, invoices, and other records common to more than one office of local government.

**Please note: This disposition schedule applies to all school records, not to the records of exceptional students only. Chapter 101: Maine Special Education Regulations sets additional requirements. The passage relating specifically to retention and destruction of records of exceptional students is quoted below for convenience purposes.**

#### 15.10 Destruction of Information

The School Administrative Unit shall inform parents when the S.A.U. has determined that education records are no longer needed to provide educational services to the student or to demonstrate that the S.A.U. has provided the student with a free appropriate public education as required by these rules. Such records must be destroyed at the request of the parents or may be turned over to parents upon their request. However, a permanent record of a student's name, address, phone number, grades, attendance record, classes attended, grade level completed, and year completed shall be maintained without time limitations.

NOTE: Education records pertaining to students with disabilities may be useful in the future to the student or their parents if application is made for federal benefits.

The "retention" column indicates either 1) a limited period after which the records may be destroyed, or 2) the word "Permanent," indicating the records **may not be destroyed** and must be retained permanently.

**Unless otherwise noted, please refer to the following citations for confidentiality restrictions:**

- (1) **Federal Privacy Act of 1974** (Section 7 of Pub. L. 93-579 in Historical Note), 5 U. S. C., § 552a;
- (2) **Social Security Act**, 42 U. S. C. §§ 408(a)(8) and 405(c)(2)(C)(viii)(I);
- (3) **Family Educational Rights and Privacy Act**, 20 U. S. C. § 1232g;
- (4) **Standards for Privacy of Individually Identifiable Health Information (HIPAA)**, 45 CFR Section 160 through 164.

For citations (1) and (2), the primary records concerns are redaction of social security numbers and proper disposal of nonpermanent records containing them. The presence of a social security number does not, by itself, render an entire document confidential.

**DISPOSITION SCHEDULE P:****VITAL RECORDS****(THIS SCHEDULE FOR USE BY MUNICIPAL CLERKS)**

Please see Disposition Schedule A for payrolls, invoices, and other records common to more than one office of local government.

The "retention" column indicates either 1) a limited period after which the records may be destroyed, or 2) the word "Permanent," indicating the records **may not be destroyed** and must be retained permanently.

**Unless otherwise noted, please refer to the following citations for confidentiality restrictions:**

- (1) **Federal Privacy Act of 1974** (Section 7 of Pub. L. 93-579 in Historical Note), 5 U. S. C., § 552a;
- (2) **Social Security Act**, 42 U. S. C. §§ 408(a)(8) and 405(c)(2)(C)(viii)(I);
- (3) **Family Educational Rights and Privacy Act**, 20 U. S. C. § 1232g;
- (4) **Standards for Privacy of Individually Identifiable Health Information (HIPAA)**, 45 CFR Section 160 through 164.

For citations (1) and (2), the primary records concerns are redaction of social security numbers and proper disposal of nonpermanent records containing them. The presence of a social security number does not, by itself, render an entire document confidential.
